Interim Director

SUBJECT: **HEALTH CARE WORKFORCE DEVELOPMENT
PROGRAM (Agenda Item #11, January 13, 2009)**

Item 11 on your Board's January 13, 2009 Agenda is the Department's recommended allocation of \$3.1 million of Tobacco Settlement Funds to the Health Care Workforce Development Program (HCWDP). This item has been continued from prior meetings of your Board, and on November 21, 2008, I sent a memo providing you with information concerning this recommendation. This is to provide you with further information.

Subsequent to the November 21 memo, DHS met with staff from Service Employees International Union (SEIU) and the Worker Education and Resource Center (WERC) to review each training program currently underway or planned for FY 2008-09 and the related budget line-items. We project that \$2.8 million is needed to continue the project through the end of this fiscal year. The CEO and DHS recommend that the Board allocate \$2.8 million from the Tobacco Settlement Fund to this program for the remainder of the year. It is also our recommendation to only continue the program elements during the second part of this fiscal year for those employees already enrolled in long-term professional career path programs and certain skill enhancement classes needed by the department. This will enable us to continue the program and meet critical needs.

Employees currently enrolled in multi-class training programs which lead to nursing or other allied health licensure, certification, or qualification for DHS positions for which DHS uses registry staff will continue with their training, but no new entrants into this group of trainees will be accepted during the remainder of this fiscal year. Skill enhancement classes will be evaluated and scheduled only when they meet critical training needs of the department.

Attachment 1 shows the HCWDP career path programs and skill enhancement classes. Attachment 2 is the revised program budget. Attachment 3 is a chart of current grant and revenue efforts of the HCWDP.

A revised Board letter is being filed to reflect this revised recommendation for the use of \$2.8 million from the Tobacco Settlement Funds Designation. If the Board approves this appropriation adjustment, DHS will make staffing adjustments and implement any necessary adjustments to the agreements with WERC and with training providers. Any part of the \$2.8 million not used in FY 2008-09 will revert to the Tobacco Settlement Funds Designation, per Board policy.

The CEO and DHS will continue to work with SEIU to advocate for State or federal funding for this program and the WERC staff will continue to pursue grant and revenue opportunities to fund various program elements.

If you have any questions or need additional information, please let me know.
